ROUND METER BOXES AND LIDS

EXPANDER & MONITOR RING

Expander Rings are designed to be used with meter boxes above 21". The first number represents the Diameter of the Lid. The 2nd number represents the size meter pit opening. Expander Ring can be used with Monitor Cover but is not required. Recommended for Heavier lids and when installed in light weight traffic areas. (Ref to Diagram 2 on last page)

Monitor covers are designed for use on large tiles where a large lid opening is desired. The monitor cover is not designed to wight traffic is
