## IMPORT ROUND METER BOXES & LIDS

### DIFFERENT STYLES

Jabo Supply we offer both IMPORT & DOMESTIC LIDS and FRAMES

A-Style lid is recessed into the frame making it a good option for concrete driveways and sidewalks

C-Style Lid is overlapped and fits on top of the frame making it good for non traffic areas such as yards and behind the curb.

A-C Style Frames and Lids are NOT INTERCHANGABLE

### MOST COMMON FRAMES

Standard Frame

STD

Heavy Frame with Gussets

HEAVY DUTY

- Heavy Frame with Gussets provides more weight and stability

### MOST COMMON LIDS

Solid Lid

One Non-Recessed Hole

Two Non-Recessed Holes

One Oblong Recessed Hole

One Circular Recessed Hole

Two Oblong Recessed Holes

Two Circular Recessed Holes

### EXPANDER & MONITOR RING

**Expander Rings** are designed to be used with meter boxes above 21". The first number represents the Diameter of the Lid. The 2nd number represents the size meter pit opening. Expander Ring can be used with Monitor Cover but is not required. Recommended for Heavier lids and when installed in light weight traffic areas. (Ref to Diagram 2 on last page)

**Monitor covers** are designed for use on large tiles where a large lid opening is desired. The monitor cover is not designed to w...ight traffic is
